Rear Commodore

## Feliz Navidad, Baja

Christmas is upon us with all of it's color and cheer. It's a happy time for most of us, all caught up in the spirit of good will. This year the Club is taking over a project that we hope will become a yearly tradition. Last year, Ken and Connie Lydell from the yacht "Weatherly", started a great community project involving the cruising fleet and the Mexican community. Ken, Connie and Al "Ol Sea Dog" Kessler, with a lot of help from the cruisers and some of the local merchants, collected food, clothing, bedding and toys. With the help of Luis Camalich, Sub-Director of State Tourism, and the Pentathlon Deportivo, these goods were

distributed to the poorest sections of town. This year, Club Cruceros de La Paz is trying to make Christmas even more rewarding for those who give and most importantly for those who need. We would appreciate any and all help with the collection and distribution this year. If you have naything you can spare, be it time, money, food, clothing, bedding, transportation or toys, please con-

tact the Club Cruceros de La Paz.

Coming up is our annual Christmas/New Years party at the Los Arcos Hotel on the 27th of December. Last year, over 500 cruisers attended the gala affair. This year, we hope to top that figure. Merry Christmas and Happy New Year to all.

Jimi Murillo, Rear  
Commodore
